Extensive Autumn Showing of Coats

Upon American workmen and American manufacturers has fallen the tremendous task of replacing hundreds of essential products we depend on for modern comforts, which, until the war, came in a large measure from abroad, and they have valiantly fulfilled their duty.

A great many things we are offering this fall have been made in America. They have been made under exacting specifications, under hardships of curtailed labor and in the face of raw material shortage. Still, in every instance, they are superior in quality and finer in texture than any we have had before. It gives us great pride to be able to show such an assortment of real American-made goods.

Children's Warm Coats

We are now showing a large line of Children's serviceable, warm Coats. These are Coats that are made for the comfort of the little folks. Velours are very popular this season. They make a very warm Coat and are a garment that will stand any amount of good, hard service and still look well. All Coats are heavily lined, and many of them are interlined, and while the price is a little higher than other seasons, you can get a Coat that you can get good service and comfort from. See this line of Children's Coats while the assortment is complete.

Ladies' Warm Coats

Soon we will be in the midst of good, cold weather. You will want a good, warm, serviceable Coat. Why not make your choice now, while the assortment is at its best? We are showing one of the largest lines of Cloth and Plush Coats we ever displayed at one time. These were bought early, when we could get cloths that we could guarantee all wool. Then we could get a better value earlier than when everyone was working every way to get their Coats delivered. This is surely a good advantage to you. Let us show you the line, and you will be convinced of their real value.

These values are developed in the rich looking Silvertones, Velours, Tricotines, Duvetyn, Heavy Kerseys and Luster Velours. Notice the fullness of the garments and the way they are made. The prices are right, the value is there.

Ladies', Misses' and Children's Underwear

Our line of Munsing Wear is complete in every way, and those who have had this make of garment know how well they wear, and what an exceptional wearing garment they are. These we have in all the different weights, both in the cotton fleeced and the plain wool, at prices that are right, and extra values for the money.

VISIT OUR MILLINERY DEPARTMENT for the correct thing for Fall and Winter Hats. Here you will find a good assortment of the season's best values, in styles and shapes that will please.
